FIRE UP AN INSTANT CLASSIC

The Atlas Grill is a high-performance, luxury grill line made entirely in the USA. Elevate your outdoor lifestyle with the seamless design and superior performance of the Atlas Grill. #304 stainless steel construction, interior and exterior lighting, and a dual position warming rack system are just a few of the features that ensure you get the most out of your outdoor kitchen in both style and functionality.

The Easy-Clean Briquette system helps distribute heat and preserve the stainless steel burners, while the square cooking grates increase the contact surface with food, adding beautiful grill marks and unparalleled flavor.
